Commercial applicators Apply pesticides for hire to property other than their own. Noncommercial applicators Apply restricted use pesticides (RUPs) on property owned, rented, leased or controlled by the applicator or applicator's employer. Public Officials Apply pesticides as part of their duties as employees of a state agency, county, municipal corporation, or other government agency.									

This is my application for an Iowa commercial pesticide applicators license, and I declare all information on the front and back of this form plus any additional information I have included is true and correct. I understand that certification and financial requirements must also be met before my commercial pesticide applicators license is valid.

THE FRONT AND BACK OF THIS FORM MUST BE COMPLETE AND LEGIBLE AND ALL REQUIRED DOCUMENTS
SUBMITTED WITH IT OR YOUR APPLICATION WILL BE RETURNED.

List all pesticide applicators you employ with their certification and social security numbers. List new employees you intend to certify and write their initial date of employment in the box labeled *Certification Number*. If you have more employees than space allows, add a separate page and use the same format.

There is a 21-day grace period from the day of initial employment to meet certification requirements. During the 21-days, the employee must operate under the direct supervision of a certified applicator who is in sight and hearing distance. See 45.22.12 IAC.

Any change in employee status must be reported immediately to the pesticide bureau.

Update must be in writing. Fax, e-mail, or mail accepted. See 45.22(9) IAC

Certification Number	Individual's Full Legal Name	Social Security Number

ARE YOU LEGAL TO APPLY? A pesticide license is not valid without a certified applicator. A certified applicator cannot apply pesticides unless licensed. Nothing is valid until all fees are current.

To operate illegally may result in civil penalty which may be assessed at \$500 per violation. Each day a commercial applicator is in violation following receipt of written notification of such violation from the department may be considered a separate violation. See 45.102(5) IAC

License + certified applicator + financial proof + containment status report + all fees paid = legal to apply

DO YOU NEED A DEALER LICENSE TOO? Yes, if you distribute or apply any restricted use pesticide (RUP) or more than \$10,000 of pesticides labeled for agricultural and/or lawn and garden. Each business location is required to be licensed. See 206.8 Iowa Code and 21—45.26 IAC

YOU MUST KEEP RECORDS. See 21--45.26(206) IAC.
